

## **INFORMATION TECHNOLOGY –IT SPECIALIST PROGRAMS**

**MCSE** (Microsoft Certified Systems Engineer)

**CCNA** (Cisco Certified Network Associate)

**MCDST** (Microsoft Certified Desktop Support Technician)

**PMI CAPM** (Certified Associate in Project management)

**BACHELOR OF TECHNOLOGY** (Information Systems)

### **ADOBE CERTIFICATION TRAINING**

**ADOBE COLD FUSION** – Training for Cold Fusion MX Developer certification.

**ADOBE DREAMWEAVER & DEVELOPER** – Training for Dreamweaver & Developer Certification

**ADOBE DREAMWEAVER MX 2004 DEVELOPER**- Training for Dreamweaver MX 2004 Developer Certification

**ADOBE FLASH MX 2004 DESIGNER**- Training for Macromedia Flash MX 2004 Designer Certification.

**ADOBE PHOTOSHOP CS3** - Training for Adobe Photoshop CS3 Certification.

### **ASQ CERTIFICATION TRAINING**

**SIX SIGMA GREEN BELT:** Training for six sigma green belt certification.

**SIX SIGMA BLACK BELT:** Training for six sigma black belt certification.

### **CHECK POINT CERTIFICATION TRAINING**

**CCSA NGX:** Training for Check Point Certified Security Administrator NGX (CCSA NGX) certification

### **CISCO CERTIFICATION TRAINING**

**CCDA:** Training for Cisco Certified Design Associate (CCDA) certification

**CCDP:** Training for Cisco Certified Design Professional (CCDP) certification.

**CCNP:** Training for Cisco Certified Network Professional (CCNP) certification.

**CCNA:** Training for Cisco Certified Network Associate (CCNA) certification.  
Popular Course

**CCENT:** Training for Cisco Certified Entry Networking Technician (CCENT) certification.

### **CIW CERTIFICATION TRAINING**

**CIW ASSOCIATE:** Training for Certified Internet Webmaster (CIW) Associate certification.

**CIW SECURITY ANALYST:** Training for CIW Security Analyst certification.

**CIW SITE DESIGNER:** Training for CIW Site Designer certification.

### **COMPTIA CERTIFICATION TRAINING**

**LINUX+: TRAINING** for CompTIA Linux+ certification

**NETWORK+: TRAINING** for CompTIA Network+ certification

**SECURITY+:** Training for CompTIA Security+ certification

**SERVER+:** Training for CompTIA Server+ certification.

**COMPTIA A+ 2006:** Training for CompTIA A+ 2006 certification.

**MICROSOFT CERTIFIED SYSTEMS ENGINEER (MCSE)**

**CISCO CERTIFIED ENTRY NETWORKING TECHNICIAN (CCENT)**

### **ECDL FOUNDATION CERTIFICATION TRAINING**

**ICDL/ECDL :** Training for International Computer Driving License (ICDL) certification.

### **EMC CERTIFICATION TRAINING**

**STORAGE TECHNOLOGY FOUNDATIONS (INFORMATION STORAGE AND MANAGEMENT) :** Training for EMC Storage Technology Foundations (Information Storage and Management) certification

### **HDI CERTIFICATION TRAINING**

**CUSTOMER SUPPORT SERVICE (CSS) :** Training for Customer Support Service (CSS) certification

### **IBM CERTIFICATION TRAINING**

**IBM CERTIFIED DBA - DB2 :** Training for IBM Certified Database Administrator - DB2 UDB v8.1 for Linux, UNIX and Windows certification.

**IBM CERTIFIED SOLUTION DEVELOPER - XML 1.1 AND RELATED TECHNOLOGIES. :** Training for IBM Certified Solution Developer - XML 1.1 and Related Technologies certification.

**IBM WEBSHERE V6:** Training for IBM Certified Associate Developer - Rational Application Developer for WebSphere v6 certification.

**IBM DB2:** Training for IBM Certified Database Associate - DB2 Universal Database V8.1 Family certification.

### **ISC2 CERTIFICATION TRAINING**

**CISSP®:** Training for Certified Information System Security Professional (CISSP®)

**ISSEP:** Training for Information Systems Security

**SSCP :** SSCP certification is a globally recognized credential that validates your information security skills and improves your marketability as a security specialist.

### **ISEB CERTIFICATION TRAINING**

**ISEB ITIL® FOUNDATION:** Training for IT Infrastructure Library (ITIL) Foundation certification

### **LINUX CERTIFICATION TRAINING**

**LPIC-1:** Training for Linux Professional Institute Certification - Junior Level Administration (LPIC-1) certification.

**LPIC-2:** Training for Linux Professional Institute Certification - Intermediate Level Administration (LPIC-2) certification

### **MICROSOFT CERTIFICATION TRAINING**

**MCTS: WINDOWS SERVER 2008 ACTIVE DIRECTORY CONFIGURATION :** Training for Microsoft Certified Technology Specialist (MCTS): Windows Server 2008 Active Directory Configuration certification.

**MCDST:** Training for Microsoft Certified Desktop Support Technician (MCDST) certification.

**MCAD.NET :** Training for Microsoft Certified Application Developer for .NET (MCAD .NET) certification.

**MCDBA :** Training for Microsoft Certified Database Administrator (MCDBA) certification.

**MCSE:** Training for Microsoft Certified Systems Engineer - Windows 2003 (MCSE 2003) certification.

**MCTS: .NET 2.0 WEB APPLICATIONS:** Training for Microsoft Certified Technology Specialist (MCTS): .NET Framework 2.0 Web Applications certification.

**MCTS: SQL SERVER 2005 :** Training for Microsoft Certified Technology Specialist (MCTS): SQL Server 2005 certification.

**MCTS: .NET 2.0 DISTRIBUTED APPLICATIONS:** Training for Microsoft Certified Technology Specialist (MCTS): .NET Framework 2.0 Distributed Applications certification.

**MCTS: .NET 2.0 WINDOWS APPLICATIONS:** Training for Microsoft Certified Technology Specialist (MCTS): .NET Framework 2.0 Windows Applications certification.

**MCTS: WINDOWS VISTA - CONFIGURATION**  
Training for Microsoft Certified Technology Specialist (MCTS): Windows Vista - Configuration certification.

**MCTS: MICROSOFT OFFICE SHAREPOINT SERVER 2007 - CONFIGURATION:** Training for Microsoft Certified Technology Specialist (MCTS): Microsoft Office SharePoint Server 2007 - Configuration certification.

**MCTS: WINDOWS SHAREPOINT SERVICES 3.0 - CONFIGURATION :**  
Training for Microsoft Certified Technology Specialist (MCTS): Windows SharePoint Services 3.0 - Configuration certification.

**MCITP: ENTERPRISE SUPPORT TECHNICIAN:** Training for Microsoft Certified IT Professional (MCITP): Enterprise Support Technician certification.

**MCITP: DATABASE ADMINISTRATOR:** Training for Microsoft Certified IT Professional (MCITP): Database Administrator certification

**MCTS: MANAGING PROJECTS WITH MS OFFICE PROJECT 2007 :**  
Training for Microsoft Certified Technology Specialist (MCTS): Managing Projects with Microsoft Office Project 2007 certification.

**MCTS: MICROSOFT EXCHANGE SERVER 2007 - CONFIGURATION :**  
Training for Microsoft Certified Technology Specialist (MCTS): Microsoft Exchange Server 2007 - Configuration certification.

**MICROSOFT CERTIFIED APPLICATION SPECIALIST (MCAS):** Certify your skills in Microsoft Office 2007 with Microsoft Certified Application Specialist (MCAS) certification.

**MCITP: DATABASE DEVELOPER:** Training for Microsoft Certified IT Professional (MCITP): Database Developer certification.

**MCTS: BUSINESS DESKTOP DEPLOYMENT:** Training for Microsoft Certified Technology Specialist (MCTS): Business Desktop Deployment certification

## **ORACLE CERTIFICATION TRAINING**

**ORACLE CERTIFIED ASSOCIATE 11g (OCA 11g):** Training for Oracle Certified Associate 11g (OCA 11g) certification.

**ORACLE 9i OCP:** Training for Oracle 9i Certified Professional DBA (Oracle 9i OCP) certification.

**ORACLE CERTIFIED ASSOCIATE 10g (OCA 10g):** Training for Oracle Certified Associate 10g (OCA 10g) certification.

**ORACLE 9i OCA:** Training for Oracle 9i Certified Associate DBA (Oracle 9i OCA) certification.

### **PMI CERTIFICATION TRAINING**

**PROFESSIONAL: QUALIFY** for your PMP, the gold standard in project management certification. For experienced project managers.

**PMI CAPM - CERTIFIED ASSOCIATE IN PROJECT MANAGEMENT:** Study toward entry-level project management certification from PMI, the world's leading project management industry body.

### **SUN CERTIFICATION TRAINING**

**SCJP:** Training for Sun Certified Java 2 Programmer (SCJP) certification.

**SCSA:** Training for Sun Solaris 9 Certified Systems Administrator (SCSA) certification.

### **PROGRAMMING/APPLICATION DEVELOPMENT COURSES**

#### **SHORT COURSES**

##### **ADOBE**

**ADOBE COLDFUSION:** Learn how to build and maintain dynamic and interactive web applications using ColdFusion

**ADOBE FIREWORKS:** Learn how to optimize images for the internet, create and edit graphics, work with layers, add rollovers, slice images.

**ADOBE CAPTIVATE:** Learn how to create online training for software & e-learning applications, online marketing demos, online technical support.

**ADOBE ROBOHELP:** Learn how to create professional help systems in popular online help formats and printed documentation.

**ADOBE DIRECTOR:** Learn how to create movies, work with sound and video, add interactivity, create and play Shockwave movies.

**ADOBE AUTHORWARE:** Learn how to create e-learning applications for delivery over corporate networks, CDs, DVDs, the internet.

**ADOBE DREAMWEAVER:** Learn how to create websites without the need for programming - great for designers and non-programmers

**ADOBE FLASH:** Learn how to integrate animation, video, audio and graphics for websites, presentations or mobile content.

**ADOBE CONTRIBUTE:** Learn how to use Contribute to update, create and publish web content on HTML websites.

**ADOBE FREEHAND:** Learn how to create sophisticated vector-based graphics, and design material for both print and the Internet.

### **MICROSOFT OFFICE**

**MICROSOFT OFFICE 2007:** Learn about the changes and new features in Word, Excel, PowerPoint and Outlook introduced in Microsoft Office

**MICROSOFT EXCEL:** Learn how to create spreadsheets, work with workbooks, and create formulas, format data and more.

**MICROSOFT WORD :** Learn how to create letters, memos, faxes, basic newsletters and reports, macros.

**MICROSOFT ACCESS:** Learn how to build relational databases, create simple queries, macros and forms, and secure a database file.

**MICROSOFT PROJECT:** Learn how to create project files, tasks and workspaces, assign resources, and work with multiple project files simultaneously.

### **WEB DEVELOPMENT**

**HTML:** Learn how to build a website and marketing emails with HTML, and how to manipulate HTML generated by programs like Dreamweaver.

**PHP AND MYSQL:** Learn how to create dynamic and database-driven websites using PHP and MySQL.

**CASCADING STYLE SHEETS:** Learn how to create sites, control text, images and forms, build navigation systems, replace table-based designs with CSS.

### **BACHELOR OF APPLIED DESIGN (DIGITAL MEDIA)**

#### **ADOBE DREAMWEAVER TRAINING**

#### **CERTIFIED INTERNET WEBMASTER (CIW) ASSOCIATE**

## UNDERGRADUATE DEGREES

**GRADUATE CERTIFICATE OF SOCIAL SCIENCE (TECHNICAL COMMUNICATION):** Gain the skills required to explain technical and complex information in a user-friendly way.

**BACHELOR OF TECHNOLOGY (COMPUTING STUDIES):** Gain a solid computing foundation through this intensive, practical undergraduate degree.

**BACHELOR OF ARTS (INTERNET STUDIES):** Learn about internet technology and develop skills in community, business and policy aspects of the internet.

**BACHELOR OF ARTS (SECURITY, TERRORISM & COUNTERTERRORISM):** Gain an understanding of security, terrorism and counterterrorism measures in Australia and globally.

**BACHELOR OF APPLIED SCIENCE (INFORMATION TECHNOLOGY) :**An innovative and technologically-advanced course that prepares you for a career as a computing professional.

**BACHELOR OF TECHNOLOGY (INFORMATION SYSTEMS):** Learn about technology, computing, information systems and more, to graduate as an IT specialist.  
Popular Course

**BACHELOR OF APPLIED DESIGN (DIGITAL MEDIA):** Gain specialist skills in interactive digital design and a professional-calibre portfolio to land serious work.

## POSTGRADUATE COURSES

**MASTER OF TECHNOLOGY IN BUSINESS SYSTEMS DESIGN & MANAGEMENT:** Suitable for business professionals and non-IT professionals - understand the relationship between IT and its organizational context.
